Citizen Information Meeting

## Route 708 (Namozine Road) Bridge Replacement Amelia County & Dinwiddie County

Wednesday, April 29, 2015, 5 - 7 p.m.  
Mannboro Fire Station  
8641 Namozine Road  
Amelia, VA 23002

### Public Meeting

Welcome to the Virginia Department of Transportation's (VDOT) public information meeting on plans to replace the existing Namozine Road (Route 708) bridge over the Namozine Creek between Amelia County and Dinwiddie County with a new structure.

This public information meeting is held to provide an opportunity for individuals or organizations to give VDOT comments and/or suggestions on the proposed project. VDOT strives to ensure that all members of the community have the opportunity to participate in public decisions on transportation projects and programs affecting them.

### Civil Rights

Representatives from VDOT are present to discuss the project and answer your questions. It is the responsibility of VDOT to ensure that all members of the community are afforded the opportunity to participate in public decisions on transportation systems and projects affecting them. VDOT ensures nondiscrimination in all programs and activities in accordance with Title VI of the Civil Rights Act of 1964.

## Project Overview

The Route 708 bridge over Namozine Creek.

**Anticipated Cost** – \$3.2 million

**Purpose** – Replace the existing Route 708 bridge over Namozine Creek with a new structure

**From** – 0.23 mile west of Route 746

**To** – 0.34 mile west of Route 746

**Total Length** – 350 feet

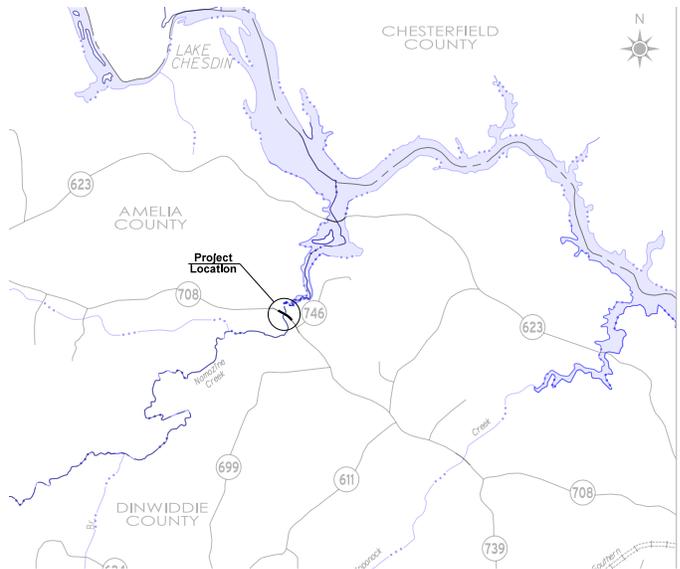

**Anticipated Start** – Fall 2017

# PROJECT DESCRIPTION

The primary purpose of this project is to replace the aging Route 708 (Namozine Road) bridge over Namozine Creek with a new structure on the existing alignment.

This bridge, originally constructed in 1940, spans through both Dinwiddie and Amelia Counties and is substandard to handle future traffic volumes. The existing bridge measures 170 feet in length and has a clear deck width of 24 feet. The new bridge will be approximately 180 feet long and 26 feet wide.

During construction, Namozine Road will be closed and a temporary detour will be in place.

## Environmental Review

This project was reviewed and coordinated with appropriate federal, state and local agencies as part of various environmental review processes including the National Environmental Policy Act (NEPA). A Programmatic Categorical Exclusion was prepared for this project in cooperation with the Federal Highway Administration and in accordance with federal guidelines. This document is available for review at tonight's meeting.

## Right of Way

The construction of this project will not require the displacement of any families, businesses or non-profit organizations. Information about right of way acquisition is discussed in VDOT's brochure entitled, "Right of Way and Utilities: A Guide for Property Owners and Tenants." VDOT right of way representatives will contact the affected land owners.

## Get Involved

Comments can also be submitted in writing to Sid.Pawar@vdot.virginia.gov. Information must be postmarked, e-mailed or delivered to VDOT within 10 calendar days of

today's meeting (by May 9, 2015) in order to be included in the public information meeting record.
