

**Military Highway  
Continuous Flow Intersection (CFI)  
City of Norfolk  
Citizen Information Meeting  
Wednesday, January 8, 2014, 4:30 p.m. to 6:30 p.m.  
Lake Taylor High School  
1384 Kempsville Road, Norfolk, VA 23502**

Come see preliminary information about a CFI. A CFI is a newly developed method for alleviating traffic congestion. The Virginia Department of Transportation (VDOT), in collaboration with the City of Norfolk, has initiated this design process to investigate the potential for a CFI to solve traffic concerns at State Route 165 and US 13 (Military Highway and Northampton Boulevard). The CFI, part of the overall Military Highway widening project, is a new type of high-volume intersection design that improves traffic flow through an intersection by moving left turning vehicles away from the main intersection. For more information, including an introductory video, please visit: [www.militarycfi.com](http://www.militarycfi.com).

Give your written or oral comments at the meeting or submit them by January 19, 2014 to Mr. Frank Fabian, P.E., Senior Project Manager, VDOT Project Management Office, 1992 South Military Highway, Chesapeake, Virginia 23320, (757) 494-5483, or email [Frank.Fabian@vdot.virginia.gov](mailto:Frank.Fabian@vdot.virginia.gov). Please reference "Military Highway CFI Project" in the subject line.

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964. For more information or special assistance for persons with disabilities or limited English proficiency, contact VDOT's Civil Rights Division at 757-925-2500 or TTY/TDD 711.
