*Willingness for Public Comment*

The Virginia Department of Transportation (VDOT) is accepting comments regarding a proposed limited access control change for the Prince William Parkway (Route 234) and University Boulevard intersection improvements project at the Prince William Parkway and Discovery Boulevard intersection in Prince William County. A change in the Limited Access Line at the Prince William Parkway and Discovery Boulevard intersection has been requested by Prince William County to accommodate improvements along Prince William Parkway to accommodate the proposed extension of Discovery Boulevard. The proposed change includes a break in the existing Limited Access Line where proposed Discovery Boulevard will intersect with Prince William Parkway. There will be a new traffic pattern due to this proposed Quadrant Road Intersection improvement. This project will involve changes and/or breaks in limited access control.
