

How to ask questions about a project on advertisement

Use CABB (Contractor's Advertisement Bulletin Board) to ask questions about a job. It is the only way to ask questions during advertisement. Simply click on the "?" symbol on the advertisement page. You must be [registered](#) to ask questions. If no questions have been asked, the question mark is **BLUE**. It will be **RED** if questions have been asked.

NOTE: The answers to questions placed on CABB will not be made part of the contract; nor will they be issued as an addendum (although the question may cause an addendum to be issued). The answers are VDOT's written guidance and carry the same weight as a letter. The answers do not and cannot supersede the plans or specifications in the contract. They are meant to apply where the contract is silent to the issue, or where the language is ambiguous or unclear.
