RICHMOND, VIRGINIA 23219-2000

Charles A. Kilpatrick, P.E.
Commissioner

August 3, 2015

To: County Administrators/City and Town Managers

Subject: FY 2017 Revenue Sharing Program

The Revenue Sharing Program continues to provide an excellent opportunity to maximize available local funds with matching state funds for priority projects in your locality. Please note that changes were made during the 2015 General Assembly that effect the prioritization of projects for this program and, as a result, the [Revenue Sharing Guidelines](#) have been revised along with the application required for project funding requests. If you are not familiar with the new legislation for the Revenue Sharing Program, I recommend that you familiarize yourself with the requirements and prioritization criteria set forth in [Section 33.2-357](#) of the *Code of Virginia* and the Revenue Sharing Program Guidelines of the Commonwealth Transportation Board prior to submitting your application.

In order to identify the amount of state funds required to fully maximize local participation in advance of the finalization of the FY 2017 budget, we request that applications for the FY 2017 Revenue Sharing Program be submitted this fall. We also request localities to identify their future year's anticipated Revenue Sharing Program participation by submitting the Anticipated Future Request Worksheet. This information is more important than ever in order that we may be better prepared to estimate the funding needs for this program in the future and ask that you strive to provide this information to us.

If your locality wishes to participate in the program for FY 2017 the following items must be provided by the date below to the Local Assistance Division **through your local VDOT representative**. (Please note, your local VDOT representative may ask for this information earlier than the date below in order to provide them time to review your request prior to submittal to our office.)

Due by October 30, 2015:

- A *Detailed Application for Funds form* for each project you wish to be considered for funding – **submitted electronically** to your local VDOT representative (*As stated above, the application has changed from last year; older versions will not be accepted.*)
- A *Summary of Projects form* – **submitted electronically** to your local VDOT representative

- A resolution outlining your request to participate and support of the potential project(s) identified for possible funding from the program (sample on our website)
(Please note: We will accept applications without a resolution but we will require its submittal by December 1, 2015 in order for your application to be considered)
- Anticipated Future Request Worksheet – **submitted electronically** to your local VDOT representative

At this time, the tentative proposed allocation for the FY 2017 program is \$150M, however, I do encourage you to apply for the maximum amount you wish to have allocated to your locality. As a reminder, each locality can request up to \$10 million in state allocations with up to \$5 million of that being designated for maintenance projects. All of the referenced documents, including the electronic application, summary of projects form, and anticipated future request worksheet can be found on our website, located at <http://www.virginiadot.org/business/local-assistance.asp>.

The Department looks forward to working with you during the upcoming months. I encourage you to contact your local VDOT representative for assistance in preparing your application. If you have any questions about the Program you may contact Debbi Webb-Howells at (804) 786-1519 or by email at Debbi.Webb-Howells@VDOT.virginia.gov. You may also reach me at (804) 786-7314 or by email at Julie.Brown@VDOT.virginia.gov.

Sincerely,

Julie R. Brown
