

Levels of Training

1. Basic Training

This is a one-day “base” training course designed for VDOT maintenance managers, or private heavy construction workers or superintendents who have direct responsibility for the placement of work zone traffic controls and control devices.

2. Intermediate Training

This is a two-day training course designed for construction supervisors (foremen, superintendents, and private engineers or hired consultants) responsible for on-site inspection and placement of traffic control devices around state highways.

3. Advanced Training

This is an intensive 2-day course designed for construction safety managers, private design engineers, or other safety administrators who are responsible for designing safety work zones, drafting electronic work zone safety plans for projects, and VDOT Residency permit personnel involved in the approval of work zone permits.

About Our Instructor

Dwight Blankenbaker served the City of Virginia Beach as an occupational safety professional for over 30 years.

He has taught the VDOT Temporary Work Zone Basic and Intermediate class to hundreds of certified work zone professionals that work setting up temporary work zones daily across the Commonwealth of Virginia.

He is absolute in his mandate that “everyone goes home at the end of the day.” He is an entertaining teacher who makes the process fun and provides the ultimate learning experience for his students.

Third Quarter, 2012

**SAFETY
TRAINING**

The RAMCA
VDOT Work Zone Traffic Control
Training Program (WZTCTP)

The Virginia Department of Transportation (VDOT) has established a mandatory Work Zone Traffic Safety Training Program (referred to by VDOT as the Work Zone Traffic Control Training Program or WZTCTP) based on Federal Highway Administration (FHWA) regulations provided in the Code of Federal Regulations (23 CFR 630 Subpart J) which states that:

“States (ie Virginia et.al.) shall require that personnel involved in the development, design, implementation, operation, inspection, and enforcement of work zone related transportation management and traffic control be trained, appropriated to the job decisions each individual is required to make.”

As of July 1, 2009, any employee of a heavy construction company who is responsible for work zone traffic control planning, design, implementation, inspection, and/or supervising the selection, placement, or maintenance of traffic control schemes and devices in work zones on the State Highway System is required to have this training.

There are three (3) levels of Work Zone Safety Training:

Schedule

The association is now accepting applicants for the following classes in the third Quarter of 2012:

Wednesday, July 25th
Thursday, July 26th

August Class
Wednesday, August 22nd
Thursday, August 23rd

September Class
Wednesday, September 19th
Thursday, September 20th

Class time: 8:00 AM—4:00 PM

Class Location:
Offices of Draper-Aden & Associates
8090 Villa Park Drive
Richmond, VA 23228-6500

Class Size, Cost of Class, What's Included, Special Classes

The course fees are as follows:

Basic WZTCT Work Zone Training:

RAMCA Member Price: \$220.00/student
Non-Member Price: \$250.00/student

Intermediate WZTCT Work Zone Training:

RAMCA Member-Price \$360.00/student
Non-Member Price \$390.00/student

NOTE

1) Class price includes donuts and coffee, lunch, written materials, laminated certificate of completion, and VDOT certification card.

2) RAMCA offers a 10% discount if you bring 5 or more people to our classes. We are very flexible and can offer you “quick” classes and and we can offer special pricing if you want to hold a large class at your facility. Call RAMCA at 1-888-390-7106 for more details on special pricing and large group classes.

How To Register

Contact the RAMCA Association training program at 1-888-390-7106 to speak to the RAMCA Safety Training Office. The safety coordinator on duty will be happy to assist you with the course information and the registration process. You can alternately email Jim Stepahin, RAMCA Safety Training Director at stepahindad@aol.com to arrange a spot in any of our classes.

Payment

RAMCA member firms can request invoicing. Non-members must make arrangements to pay via check or corporate credit card. The training contractor will accept credit card payments for safety training classes.
