TRAFFIC SHIFT ON THE COURTLAND INTERCHANGE PROJECT *Scheduled lane closures to start January 10*

COURTLAND – Beginning Tuesday, January 10, 2017 crews with the Virginia Department of Transportation (VDOT) will shift eastbound and westbound traffic on Business Route 58 at the Courtland Interchange. Motorists should expect the lane closures to remain in place for up to 45 days.

Westbound Traffic Shift:

Westbound traffic will detour down the service road through part of the roundabout and then over to westbound Courtland.

Eastbound Traffic Shift:

Eastbound traffic must exit Courtland at the traffic light, Route 58 and Jerusalem Road. Eastbound traffic entering Courtland will maintain current traffic pattern.

Motorists must follow the construction signs. Emergency responders will be allowed access for both directions at all times.

All construction work is dependent upon weather conditions. Please drive with caution at all times through the work zone. During construction there will be intermittent single lane closures on Routes 58, 58 Business, and 742. To learn more, please visit http://www.virginiadot.org/projects/hamptonroads/courtland_interchange.asp.
