Learn about and provide input on the Virginia Department of Transportation's (VDOT) proposed 11-mile extension of the I-495 Express Lanes from the Springfield interchange (I-95/I-395/I-495) in Fairfax County, Virginia, across the Woodrow Wilson Bridge, to the MD 210 interchange in Prince George's County, Maryland. The goals and objectives of this I-495 Southside Express Lanes Study (495 Southside Study) are to evaluate transportation improvements that extend and provide continuity of the Express Lanes system on I-495 (Capital Beltway), provide additional travel choices, reduce congestion, improve travel reliability, improve safety, and provide consistency with local and regional plans.

VDOT will hold a virtual meeting option, as well as three in-person meeting options. All meetings will include the same information.

The virtual public meeting will be held on Wednesday, May 18, from 6:30-8:30 p.m., with a presentation at 7 p.m., followed by a question-and-answer session. Visit <https://www.virginiadot.org/495Southside> or call 703-259-3752 for information about how to access and participate in the virtual public information meeting.

The in-person public information meetings will be held on Thursday, May 19, at Oxon Hill High School, Monday, May 23 at John R. Lewis High School, and Wednesday, May 25, at Nannie J. Lee Memorial Recreation Center. Each in-person meeting will be held from 6:30-8:30 p.m., with a formal presentation beginning at 7 p.m., followed by a question-and-answer session. Meeting display boards will be available to review, and project staff will be present to answer questions. In-person meetings will follow current CDC-recommended health measures and guidelines.
