

## Oyster Point On-Ramp Access Improvements

### City of Newport News

**Find out** about the proposed plans by Virginia Department of Transportation (VDOT) to improve ramp access from the City of Newport News to Interstate 64 east, in the vicinity of City Center at Oyster Point. This project will widen the eastbound entrance ramps to I-64 at both J. Clyde Morris Boulevard (Route 17) and Oyster Point Road (Route 171) from single-lane ramps to double-lane ramps to alleviate congestion on the local roads. The ramps will be widened at the entry points to add vehicular capacity and merge to a single lane before entering the interstate. Traffic will be maintained during construction and few and no full roadway closures are anticipated with current design. No right-of-way acquisition is anticipated on this project, although there is a potential for some utility relocations within the existing right-of-way.

**Review** the project information and current plans online at VDOT's project website [www.virginiadot.org/OysterPointRamps](http://www.virginiadot.org/OysterPointRamps) or in person at VDOT's Hampton Roads District Office located at 7511 Burbage Drive, Suffolk, VA 23435 757-956-3058, TTY/TDD 711. Due to current visitor guidelines, please call ahead to make an appointment with appropriate personnel to review documents and/or answer your questions.

If your concerns cannot be satisfied, VDOT is willing to hold a public hearing. You may request that a public hearing be held by sending a written request to Mr. Samba Secka, Virginia Department of Transportation, 7511 Burbage Drive, Suffolk, VA 23435 on or prior to **March 31, 2021**. If a request for a public hearing is received, notice of date, time and place of the hearing will be posted.

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964. If you need more information in regards to your civil rights on this project or need special assistance for persons with disabilities or limited English proficiency, contact Project Manager Mr. Samba Secka at 757-956-3058.
