Find out about a project to improve traffic flow and safety by converting the intersection at Route 220 and Route 839/Route 1126 (International Parkway/Ashley Way) in Botetourt County to a restricted crossing U-turn (RCUT). An RCUT is an innovative intersection that would eliminate left turns from Route 839 and Route 1126 onto Route 220 and eliminate through movements across Route 220. Motorists who currently turn left onto Route 220 or drive straight across would make right turns onto Route 220 and proceed to make a U-turn at a pair of new U-turn locations located approximately 650 feet north and south of the intersection.

The project also includes modifying an existing crossover about 0.2 mile south of the intersection and adding a Route 220 pedestrian crossing. For more information about the project, visit the website at
