

# ProjectWise – Logging In With A Logical Account

Below is how you login to ProjectWise using a logical account

- Go to <https://projectwise.vdot.virginia.gov>
- Choose VDOT ProjectWise on the Location Tab
- Login with your username and password given to you by CADD Support
  - Your username should be your company email address
  - Example - [yourcompanyemail@gmail.com](mailto:yourcompanyemail@gmail.com)

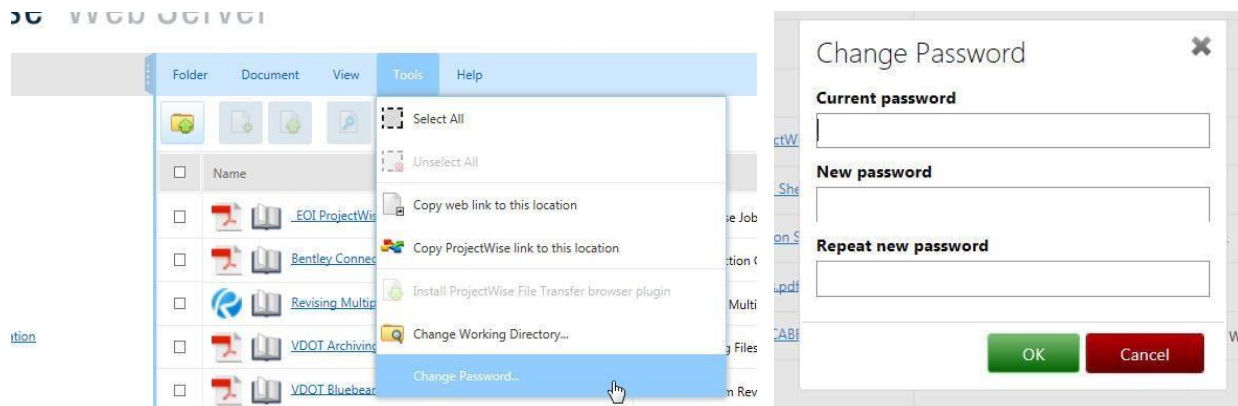

The screenshot shows the ProjectWise Web Server login interface. At the top, there is a logo with four colored squares (red, green, blue, yellow) and the text "ProjectWise® Web Server". Below the logo, there is a "Location" dropdown menu with "VDOT ProjectWise" selected. Underneath are three input fields: "User Name", "Password", and a "Log in" button.

Once you are logged into ProjectWise you will need to change your password.

To change your password you will need to follow the below instructions.

- Click Tools
- Click Change Password

Your current password will be the one provided by CADD Support
