

## THANKSGIVING 2021

VDOT will lift most lane closures for holiday travel from noon Wednesday, Nov. 24, until noon Monday, Nov. 29. However, motorists may encounter semi-permanent work zones or travel delays in VDOT's Richmond District in the following locations:

### Amelia County

**Route 360/Patrick Henry Highway** – Bridge replacement project over Route 360 Business. Eastbound traffic has shifted onto the new westbound bridge in the outside lane to allow for construction of the new eastbound bridge.

### Chesterfield County

**Route 10/I-95 Interchange** – Locally administered interchange improvements project. The ramp from W. Hundred Road (Route 10) west to I-95 north is restricted to a width of 12 feet. The I-95 north shoulder is closed between mile markers 60.8 and 62 (Route 288). There will also be an eastbound Route 10 shoulder closure in place, east of the I-95 ramp Route 10 east.

**Route 10/W. Hundred Road** – Road widening between Bermuda Triangle Road and Rivers Bend Boulevard in both directions. The speed limit in the work zone is reduced to 45 mph. Two lanes are maintained.

**Route 10/Ironbridge Road** – Road widening from Frith Lane to west of Whitepine Road. A right turn lane closure will be in place from Route 10 west to Frith Lane.

**Route 360/Hull Street Road** – Road widening from Lonas Parkway to Castle Rock Road. The eastbound right shoulder closure will remain in place within the project limits.

### Hanover County

**Route 30/Kings Dominion Boulevard** – Bridge rehabilitation project over North Anna River. The westbound right lane is closed through project limits.

### City of Richmond

**Maury Street and 4th Street** – Two segments of 4th Street are closed for roundabout construction at the I-95 interchange at Maury Street. 4th Street is closed between Everett Street and Maury Street. Detours are in place for traffic entering the project on Maury Street from the east to access I-95 or 4th Street. A separate truck detour is in place.
